

- **Phase 1:** Minting begins of 4444 Unique Invisible Punk NFTs. If not fully minted out, remaining stock will be burned, which will keep the collection limited.
- **Phase 2:** Invisible House NFT will be created and airdropped to all holders. Loyal community members will be rewarded well for holding an Invisible Punk. Future artist announcements and collaborations will also be announced. \$PAINT will be announced with utility!
- **Phase 3:** \$PAINT will be released. When you hold one invisible Punk you will generate 10 \$PAINT a day. Once you reach 600 \$PAINT you can throw the paint onto your Invisible House to reveal it. This is the only way to reveal the Invisible House NFT. This house will be used in our metaverse.
- **Phase 4:** Once Phase 3 is completed, team will work on acquiring our land in The Sandbox. Invisible Houses's true utility will be revealed! Plus Invisible Mansion and Invisible Estates will be released with greater utility reveal!
- **Phase 5:** 40% of Royalties from secondary market will be inserted into coin mechanics. Mint Funds will also be used to fund the metaverse development.
